Greetings Mr. Otis,

The emails about your appearance on *Rise!* are still coming in! Again, it was a pleasure for me to interview you and for our listeners to learn from you. Here are a couple of quotations from emails we received after the show aired:

“Burnette, You never cease to amaze me with the quality of guest that you bring to your show. Amos Otis goes to the top of your star list.”

“I got up 15 minutes early to make sure that I caught your show with Mr. Amos Otis. I found him to be an intellect who speaks from the heart, the information he shared was motivating and inspiring. Please let me know when he will be on Rise! again.”

“Mr. Otis’ words of wisdom in regards to success in the business world can definitely be applied to everyday life. I really appreciate his insight and his willingness to share to others.”

“The kind of knowledge that Mr. Otis dropped on your show can never be found in a text book. I believe that life experience awards us those types of gifts if we are willing to risk like Mr. Otis.”

You reached a lot of people when you were on my show, and I’m sure they all appreciate it as much as I do.

Keep Rising!
