

## Partnering for Success

SoBran provides complex warehouse management, supply chain management, workforce management, logistical assistance, and toolbox build-up for operations of all sizes and complexities. Our logistics services team supports some of the nation's most demanding government agencies.

With more than twenty years of experience, we understand the unique requirements and challenges facing our clients and tailor services to meet individual needs. We become an integral part of a client's team, collaborating to ensure projects stay on track and within budget.

## Client Logistics Services

- Acquisition and life-cycle management
- Serve and respond (SaR) logistics
- Supply chain resilience controls
- Test and evaluation support
- Integrated logistics support (ILS)
- Inventory support services
- Inventory accountability and sustainment

# RESPONSIVENESS

- Technical order development, review, publishing, and indexing
- Equipment fielding and training
- Warehouse and other facility operations and management

Our supply chain management and production control team specializes in ISO 9001:2008 certified services and are expert users of a wide range of DoD management information systems.

Warehouse management services include: supply storage, processing, real-time inventory control, distribution, property pick up, warehousing and disposal.

Toolbox build up services support highly specialized functions involving repair of complex DoD weapons systems.

Our proven Integrated Logistics Support (ILS) model offers a flexible approach for developing superior material handling, screening and management processes; proactive team management and training; and ISO-certified quality and security controls.

## Responsive to Your Needs

SoBran logistics services clients include the National Institutes of Health, Social Security Administration, Department of Homeland Security, the US Army, and the US Navy.

We collaborate with complementary service and solution providers, from SBA 8(a) program members to multi-billion dollar organizations.

Reinforcing our commitment to accessibility and responsiveness, our services are available through a variety of contract vehicles, including GSA LOGWORLD Schedule 874V and Logistics Management and Supply System (LMSS).

SoBran is the partner you can count on to meet all your logistics needs, from acquisition and lifecycle management to fielding and training new equipment.

Let us show you how our continued commitment to quality, efficiency and service can help you realize your goals.
