

CRITICAL INFRASTRUCTURE PROTECTION SECURITY SERVICES

Protection Expertise

It's not a matter of "if", it's a matter of "when". We provide a full array of CBRNE-related assessment, design and screening services for airports, railways, ports, mail facilities and the nation's food supply.

With decades of experience, we understand the unique challenges facing our clients and we tailor services to meet their specific needs.

Security Services

SafeMail®

Our mail security services include:

- Offsite mail screening at SoBran facility
- Onsite mail screening at client facility
- Training
- Mail screening processes and facility design

Transportation Security

A full array of CBRNE-related services from assessment through design to protect airports, railways and ports. Clients can also receive comprehensive and cost-effective risk management procedures for protecting their own assets.

RELIABLE

Physical Security

SoBran Security Services address physical security for corporations through preventative measures. For example, we evaluate access to controls and sensitive information, visitor supervision, and guard procedures.

Executive Protection

Corporations and institutions looking to protect employees traveling internationally need safeguards. We offer proactive solutions through security briefings and risk assessments provided by former federal law enforcement and military professionals.

Security Officer Services

Our highly trained security professionals will protect your assets at events and commercial properties while maintaining the highest level of discretion and professionalism.

Equipment Fielding and Training

Our expert chemical surety services, laboratory support, and sensor fielding and training ensure that the equipment worn by the Warfighter provides effective protection against ever-changing threats and evolving real-world situations.

Responsive to Your Needs

SoBran clients include the Department of Homeland Security, Department of Defense, Department of Transportation, General Services Administration, and the 2008 Presidential Campaign.

We collaborate with complementary service and solution providers, from SBA 8(a) program members to multi-billion dollar organizations. Our services are available through a variety of contract vehicles.

SoBran is the partner you can count on to meet critical infrastructure protection needs. Let us show you how our continued commitment to quality, efficiency and service can help you realize your goals.
