

# SAFEMAIL® MAIL SECURITY SECURITY SERVICES

## SafeMail®

Threatening letters and parcels are received every day at corporate offices and government agencies. Most are inconvenient, some cause damage, and a few change everything. Having your mail screened properly is insurance to keep your business running and your employees safe.

SoBran has been keeping clients safe from mail borne attacks since 2001, when the company was approached by the U.S. Army to develop and operate a mail screening facility to protect against mail borne chemical, biological, nuclear, radiological, and explosive (CBRNE) threats. Since that time SoBran has continuously evolved the SafeMail program and is considered the gold standard in protection.

## Security Services

The SafeMail program from SoBran offers the right security solution for you:

### Onsite Mail Screening

The highly-trained SoBran team uses the processes we have evolved over the last decade to screen mail onsite at your facilities.

# SAFETY

### Offsite Mail Screening

We operate a cost-effective mail security facility for you remote from your facilities, receiving mail and screening it before delivering it promptly to your offices.

### Training

SoBran's mail security experts will train your mailroom personnel in the latest techniques for safe and efficient screening. We offer classroom and online training.

### Mail Security Analysis and Facility Design

SoBran provides comprehensive onsite risk analysis, action planning and system design and implementation. We also offer regulation compliance services (41 CFR, DoD and OSHA safety programs).

## Responsive to Your Needs

SoBran clients include the Department of Homeland Security, Department of Defense, Department of Transportation, General Services Administration, and the 2008 Presidential Campaign.

We collaborate with complementary service and solution providers, from SBA 8(a) program members to multi-billion dollar organizations. Our services are available through a variety of contract vehicles.

Let us show you how our continued commitment to quality, efficiency and service can help you realize your goals.
